HOBBY

PROFILE

I am in a Higher Level Training Course (at university and professional fields) in Development and Web Application studies, a one-year vocational programme at the University Technology Institute of Bordeaux. Passionate of technologies since my youngest age, I have touch to everything in this area and at this time especially for the web in its main fields.

EXPERIENCE

2018 - Now

DOCTOASK PROJECT

Project Manager | Web developer

- Web project proposing a chatbot that answers the questions predefined by a practitioner to his patients.
- The chatbot dialogues with the patient to understand his problem and to provide him with a solution as far as possible.

#chatbot #ia #bootstrap #symfony #innovation #teamwork

April 2018 - June 2018

YOUTH ENTREPRENEURSHIP CLUB

Web developer front & back | Web designer |

- Schematization, design and development of a personalized account system for different types of users of the website. *(personal initiative)*
- Development of a directory gathering the projects of people internal / external to the company seeking specific skills in a field matching to their needs
- Improved design, code, functionalities and keep update of different Wordpress websites.

#mockups #prototype #optimization #seo #wordpress #internship #greece

June 2017

27H PROJECT

Project Manager | Web developer front & back

- Web page with limited access to registration of open days of training (with to a specific password)
- Realization with strict working conditions, different employee profiles and very little time.
